

RECYCLE YOUR ORAL CARE PRODUCTS AND PACKAGING!

Every year countless pieces of oral care products and packaging end up in landfill sites across the UK. We are working with TerraCycle® to put an end to this enormous loss of resources.

The Colgate® Oral Care Recycling Programme allows us to recycle your oral care products and packaging and prevent them from ending up in landfill.

Not only are you helping the environment, but the waste you recycle with us also helps to fund the Mouth Cancer Foundation

What we can recycle

- Any brand of toothpaste tubes and caps
- Any brand of toothbrushes
- Any brand of electric and battery toothbrush heads
- Any brand of toothpaste cartons
- Any brand of toothbrush outer packaging

Help us help The Mouth Cancer Foundation which is a charity dedicated to helping and supporting those suffering from or at risk of mouth cancer, throat cancer and other head and neck cancers, as well as providing assistance and information on living with mouth cancer for families, friends and carers.
